FAQs

Who is eligible to participate in the New England Membership Reciprocity Program? The program is for full facility/full privilege Y members (those holding adult, family or senior memberships) whose home Y is located in Massachusetts, Rhode Island, Maine, New Hampshire, Vermont and Connecticut.

Does it cost extra to participate in this program? No, all full facility/full privilege members may participate at no additional charge. The reciprocity program is intended to be an added benefit and convenience for members when visiting other communities. You need to maintain a full facility/full privilege membership at the Y you visit most frequently.

How will I know if there are any restrictions and what they are? Please visit the website of the Y you would like to visit. All Ys will have updated information posted on their website or contact their membership services staff.

Does this replace the “Always Welcome at the YMCA” (AWAY) program? No, the AWAY Program is still in existence and many Ys across the country participate in this program. The AWAY Program may be helpful to those members who are travelling outside of New England or for members outside of New England visiting New England Ys.

What do I need to bring to verify that I am a current Y member? You must bring your current membership card and a photo ID (i.e. driver’s license) in order to utilize another Y. By providing both of these items the staff at the visiting Y will be able to verify your current Y membership.

Do I need to sign anything? As a reciprocal member visiting another Y you will need to agree to abide by all of their rules and regulations. You will likely be asked to sign a liability waiver and/or other document outlining that local Y’s policies and procedures.

Can I sign up for a program at another YMCA? For purposes of program registration (i.e. swimming les-sons, camp, child care etc.) you would be considered a non-member and would pay the corresponding non-member rate.

How often can I use one of these YMCAs? Are there any restrictions on what I can do at a particular YMCA? Some restrictions may apply. My Y is Every Y participants must use their home branch at least 50% of the time. Please call or visit the website of the Y you plan to visit for schedules and to confirm participation or any restrictions. If you do utilize a Y other than your home Y frequently, keep in mind that you must maintain membership at the Y that you utilize most frequently (if you utilize two Ys equally, you should join the Y where you reside). A small number of Ys have restrictions to some activities you might be able to participate in at that Y (i.e. utilization of Child Watch, cycling, or other programs due to capacity reasons).
